Allyson Gonyo & Paula Columbo

Professional Grooming Seminar
by Cindy Huggins, Courtlore Cavaliers

Come attend the upcoming professional grooming seminar and learn about grooming techniques, tips of the trade and products to use for your Cavalier. These techniques will help you keep your Cavalier in tip top shape and ready for the show ring. Grooming maintains a healthy coat, skin and teeth. Regular nail trims not only help keep the nails short but helps reinforce healthy foot structure and posture, and reduces the risk of infection. Your pet will look and feel its best. Regular grooming may result in early detection of issues with ears, skin, teeth and more. Coat type for different breeds vary and learning about products that are best suited to Cavalier coat and color is important as well. It can also help in accentuating structural strengths of your dog, We can all benefit from the ongoing and practical tips for grooming our Cavalier shared by a breed expert in all four colors.

Cindy Huggins got her first Cavalier in 1969 and has been very lucky to be mentored by several top Cavalier breeders. She has finished over 200 Cavaliers, 90 of which are homebred and all four colors. Cindy owned a grooming shop, worked as a protection dog trainer and in behavior modification for problem dogs. She has been judging Cavaliers for 10 years and is committed to educating new Cavalier owners/breeders and judges about our very special breed.
