### **“UNIQUE BREED-SPECIFIC HEALTH ISSUES IN CAVALIERS”**

**WITH KENDALL YOUNGER, DVM**

Dr. Younger will share health concerns that every Cavalier owner should know about. She will include information about deafness, PSOM, Macrothrombocytopenia, and grain-free diets associated with Dilated Cardiomyopathy. There will be time for questions and answers.

Dr. Younger graduated from UC Davis School of Veterinary medicine in 2008 and has been working in the Bay Area since 2012. Cavaliers have been in her life since 2004, and she has shown them, along with her Golden Retriever, Lilah, in AKC conformation. Her last Cavalier, Leopold, finished his AKC Championship in 2018. Dr. Younger loves building relationships with clients and their pets and helping educate on preventative health and disease management. She shares her home with her husband (Ryan), her two sons (Remy and Rhys,) dogs Lilah (Golden), Alfie (Cavalier), and 2 cats.
